

## The Isle of Man - gaming's safety net

# When your business is online you need it to stay online

**Continuous service to your customers can be a reality.** Host with Netcetera in the Isle of Man from our world class datacentre, and also enjoy the benefits of a well-regulated, offshore, low-tax regime.

You may already have a primary gaming site elsewhere, but what if it fails? Transition to a second centre at Netcetera in the Isle of Man is achievable with no need for an immediate licence thanks to the Government's Disaster Recovery regulations. You'll also benefit from all of the advantages you would expect from a leading centre.

#### Isle of Man

- 0% Corporation tax
- Low personal income tax – maximum rate 18%
- Personal income tax cap at £100,000
- No capital gains or inheritance tax

#### Netcetera

- World class, resilient state-of-the-art data centre
- High availability, low latency network connectivity
- Power = 2x11000v transformer input – unique in offshore hosting
- Very early smoke detection and FM200 fire suppression
